

Deposits

Deposits are secure savings solutions that allow customers to invest their funds for a fixed period while earning a guaranteed return. Customers can choose between receiving interest as regular monthly payments or receiving both the principal and accrued interest at maturity, depending on their financial needs. Deposits offer a safe and predictable way to grow savings, with fixed interest rates and flexible investment tenors, making them suitable for both customers seeking regular income and those saving towards future financial goals.

Deposits

Benefits:

- Guaranteed fixed interest rate for the selected tenor.
- Safe and secure investment with predictable returns.
- Flexible investment terms to suit different financial goals.
- Choice of monthly interest payments or interest paid at maturity.
- Helps customers grow their savings with minimal risk.

Deposit Types:

1. Monthly Paid Interest Term Deposit

Type:

Fixed-term deposit with interest paid to the customer's account every month while the principal remains invested until maturity.

Benefits:

- Receive a steady monthly income from interest payments.
- Guaranteed interest rate for the selected term.
- Safe and secure investment with predictable returns.
- Ideal for customers seeking regular cash flow without withdrawing their savings.

Eligibility Criteria:

- Available to individual customers with a valid account.
- Minimum deposit amount 5000JD or 5000\$

- Funds must remain invested until the maturity date to receive the agreed benefits.

Fees & Charges:

- No account opening or maintenance fees.
- Early withdrawal before maturity may result in reduced or forfeited interest, according to the bank's terms and conditions.

How to Create It:

- Visit any bank branch or apply through the bank's Mobile APP
- Choose the deposit amount and preferred tenor.
- Review and accept the terms and conditions.
- Fund the deposit from an eligible account.

2. Regular Term Deposit (Interest Paid at Maturity)

Type:

Fixed-term deposit where both the principal and the accrued interest are paid in full at the maturity date.

Benefits:

- Guaranteed fixed return throughout the investment period.
- Higher savings discipline as funds remain invested until maturity.
- Suitable for customers saving toward a future financial goal.
- Safe investment with predictable returns.

Eligibility Criteria:

- Available to individual customers with a valid account.
- Minimum deposit amount 5000JD or 5000\$.
- Funds must remain invested until the maturity date.

Fees & Charges:

- No account opening or maintenance fees.
- Early withdrawal before maturity may result in reduced or forfeited interest, according to the bank's terms and conditions.

How to Create It:

- Visit any bank branch or apply through the bank's mobile app
- Select the deposit amount and desired investment term.
- Review and accept the terms and conditions.

- Fund the deposit from an eligible account.
