Next

- Enter debit card number and card Pin - Enter OTP	
- Access will be reactivated - Customer will click on Continue to proceed with Login	

2.5 Validate Mobile Number

This flow is to validate customer's mobile number after 90 days of not receiving any OTP

- Customer must have an active debit card and debit card PIN

1. Once customer click on login, a message to validate mobile number will be displayed
2. Enter OTP

The first screen displays the Capital Bank logo and a message: "Please validate your mobile number". It explains that this step is for account security and personalized communication, and instructs the user to click "Validate Mobile Number". A button labeled "Validate Mobile Number" is at the bottom.

The second screen is titled "Verify Mobile" and asks the user to enter a 6-digit verification code. The code "688666" is shown in the input field. A "Next" button is at the bottom right.

2.Mobile number will be validated

The screen shows a green checkmark icon and the message "Mobile number has been validated successfully". A button labeled "Back to Login" is at the bottom.

Tips

- 1- If customer doesn't receive OTP:
 - a. Check mobile number in core and make sure it is in the right format.
 - b. If mobile number found correct, send a Jira ticket to it team via help desk Jira portal.
- 2- Biometrics has two factors, fingerprint or face id based on mobile type and if customer decided to skip enabling biometrics, personal pin setup becomes a must.
- 3- Personal pin: 6 digits number customer needs to remember for authentication.
- 4- Username validation
 - a. Username can be
 - i. Numbers only
 - ii. Alphabets only
 - iii. Alphanumeric

- iv. A combo of alphanumeric and special characters
 - b. Minimum of 7 characters and maximum of 20
 - c. No spaces allowed
 - d. Username must be unique
 - e. English only
- 5- Password validation
 - a. Password must comply to the following rules
 - i. Must not match the username
 - ii. Must be case sensitive
 - iii. Must be eight characters minimum length
 - iv. Must contain at least
 - 1. One number,
 - 2. One special character,
 - 3. One Capital letter and
 - 4. One small letter.
 - 5. Allowed special characters are ~ ! @ # \$ % ^ & * _ - + = ` | () { } [] ; : " ' < > , . ? / \
 - v. Must not contain a space
 - vi. Cannot be any of the previous six passwords
 - vii. Cannot contain Arabic characters

FAQs

Q: I forgot my password?

A: Forget password flow can be used from login screen by entering debit card number and pin code

Q: I have changed my device, do i need to register to application

A: No, once you download application from store and same credentials are entered, application will send you a new OTP to verify your identity and ask for new biometrics to be enabled.

Q: I forgot my username?

A: Call center agent can retrieve it from bank employee portal and give it to customer after asking security questions.

Q: Can i keep same password in Capital mobile application?

A: Yes, same password can be used

Q: Do i need to enter my username / password every time i login?

A: No, it's just one time to complete the migration flow as the biometrics/ personal pin flow will be used.

Reset / Unblock Password

- 1- After three unsuccessful login attempts, user's credentials will be blocked for 10 min which will unblocked automatically afterwards.
- 2- If Bank's employee blocked username access for any internal procedurals measure, only bank employee can unblock this user and not automatically by application counter.
- 3- Reset password can be done directly from application by using change password / forget password features

3.Profile Settings

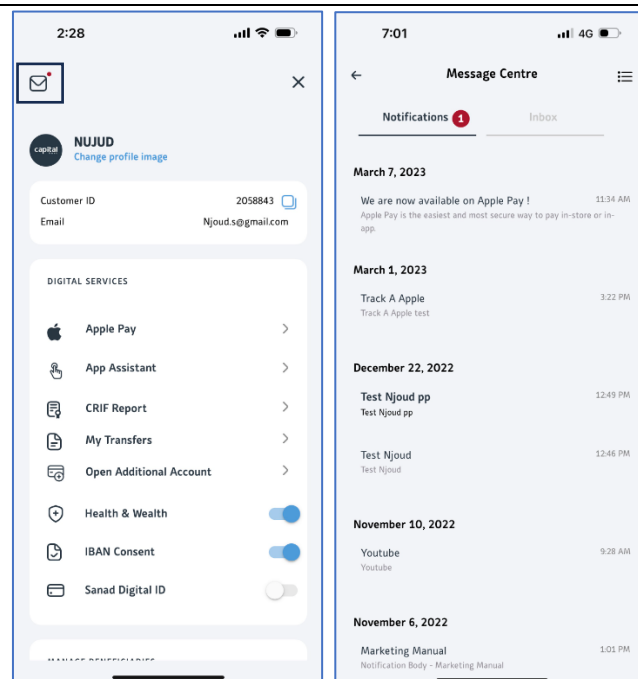

Application dashboard is the main landing page where customer can manage his/her profile settings as well as navigating through accounts and application features.

Features	Description
Secure Messages / Inbox	- Ability to send secure chat/messages between customer and contact center. - Receive bank’s notifications and announcement

Add Card

"Capital VISA Platinum" can be added to iPhone or Apple Watch.

Name

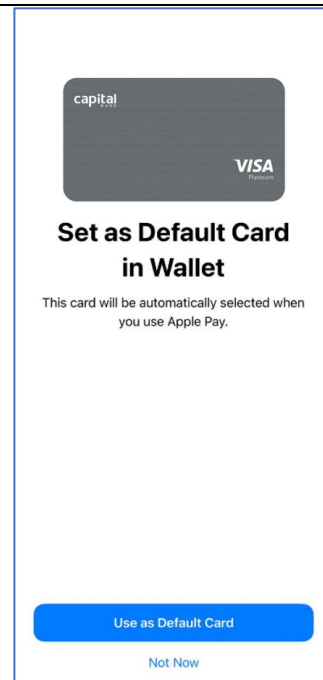

NAJWA NAMRI

Card Number

**** 7891

Card-related information, location, and information about device settings and use patterns will be sent to Apple and may be shared together with account information with your card issuer or bank to set up Apple Pay. See how your data is managed...

8. Card will start loading process.
9. Screen will be displayed if customer wants selected card to be used as default once Apple Pay is clicked.

Tips:

- 1- Royal Jordanian Debit Cards will not be included in Apple Pay service.

FAQs:

1. Where can we use Apple Pay?

Apple Pay works anywhere that accepts contactless payments. If you see the contactless payments symbol or the Apple Pay symbol near readers at the checkout, they will accept Apple Pay.

2- Is there a limit for Apple Pay?

No. Unlike contactless card payments that limit you to a JOD 300 spend, there is no limit for Apple Pay.

3- How to set Apple Pay on Apple Products?

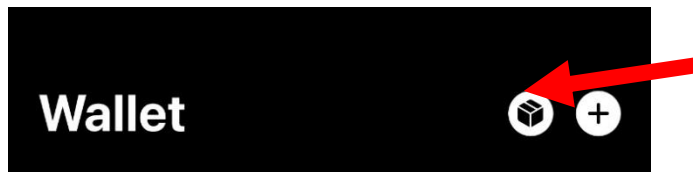

You need to use the Apple Wallet app or Capital Bank of Jordan application to setup Apple Pay on your Apple devices. The Apple Wallet will then store your credit cards, debit cards and prepaid cards, by pulling the data when you authenticate Apple Pay to pay for goods.

On your iPhone, open Wallet. On your iPad, go to Settings > Wallet & Apple Pay. Tap Add Credit or Debit Card or the "+" in the top right corner and hit "Continue". You can use your device's camera to capture the information on your credit, debit, or store card. Then fill in any additional information needed.

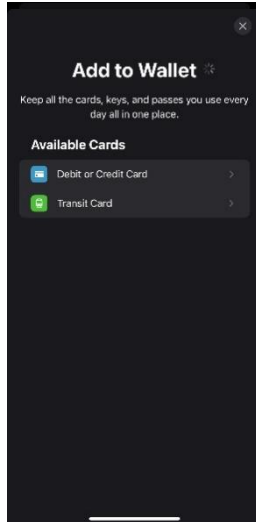

Click on Apple Wallet

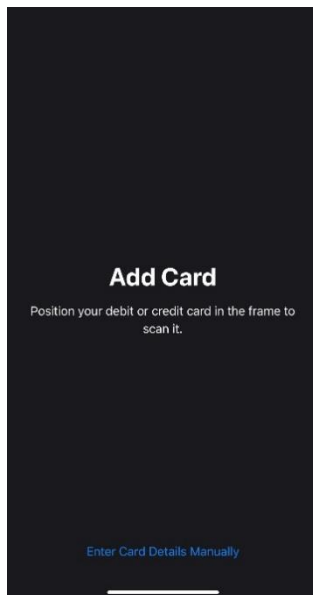

Choose the “+” on the top right corner and hit “Continue”

Add to Wallet will appear

Choose the type of card you need to add, and you may use your camera to capture the details of the cards

Capital Bank will verify the information. Client may need to provide additional verification which can mean the client will have to contact the Call Center, or will receive a text message with a unique code (OTP) that you'll need to enter.

4- How to use Apple Pay on the device ?

Apple Pay requires the Near Field Communication (NFC) antenna and Touch ID or Face ID on iPhone 6 and later. It will depend on which iPhone you have as to how you launch Apple Pay. Each transaction has to be authorized by either Touch ID, Face ID or your passcode.

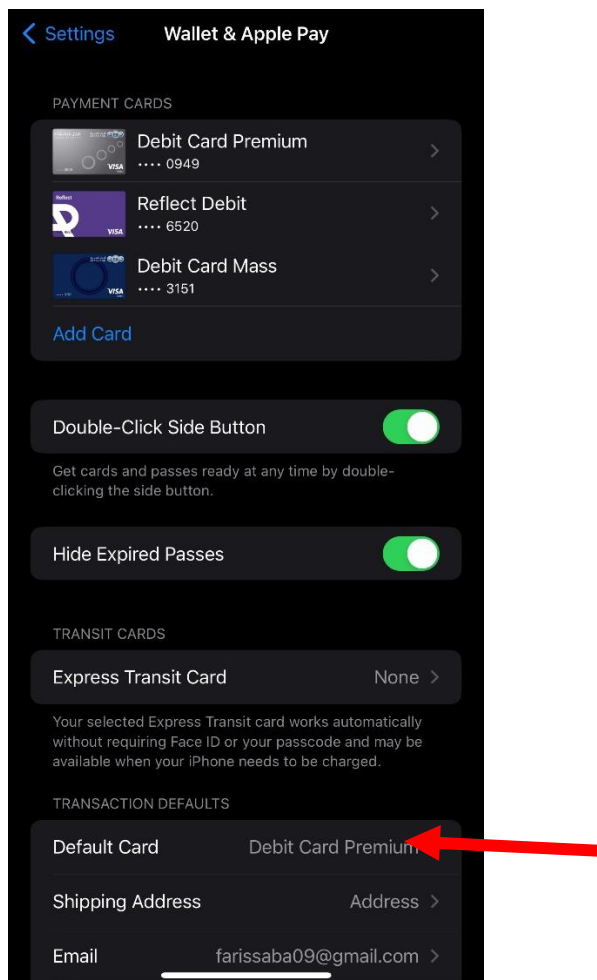

For iPhones with Touch ID, double tap the Touch ID home button and keep your finger on it until your screen says "Hold Near Reader". If your fingerprint isn't recognized, you can choose the "Pay with Passcode" option.

Once your iPhone says hold near reader, you can just place your iPhone near a contactless terminal and a subtle vibration or a ping if your phone isn't on silent confirms payment. A receipt is recorded in the Wallet app so you can see what your latest transactions. There's no need to open an app or wake your iPhone's display to launch Apple Pay, no matter which iPhone model you have.

5- How to change the default card on Apple Pay

To change the default card on Apple Pay, head to the Settings app on your iPhone and scroll down to Wallet & Apple Pay. On this screen, you will see a list of settings under the header "Transaction Defaults".

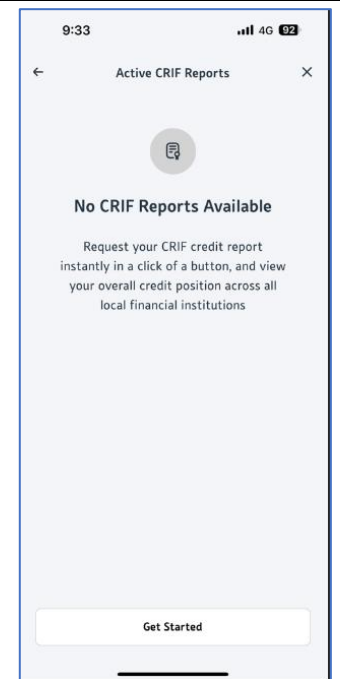

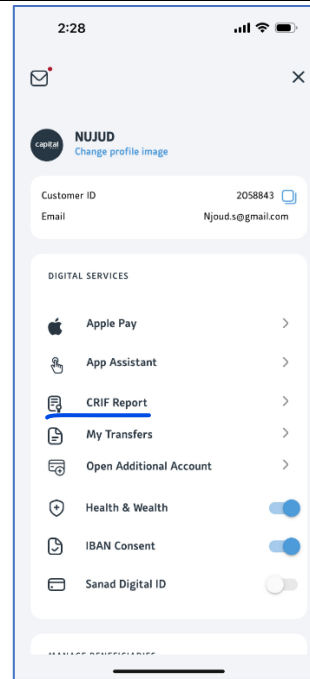

The first setting is "Default Card". Click on this and you can choose which card you want to select as your default Apple Pay card, though it is easy enough to switch between them when you launch Apple Pay.

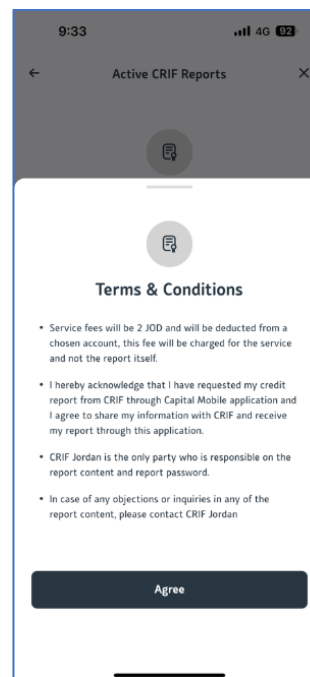

3.3 CRIF Report Request

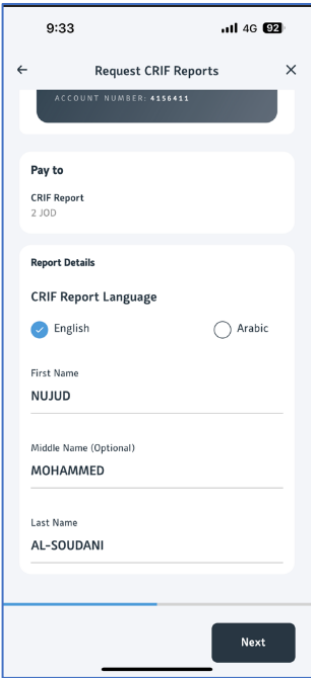

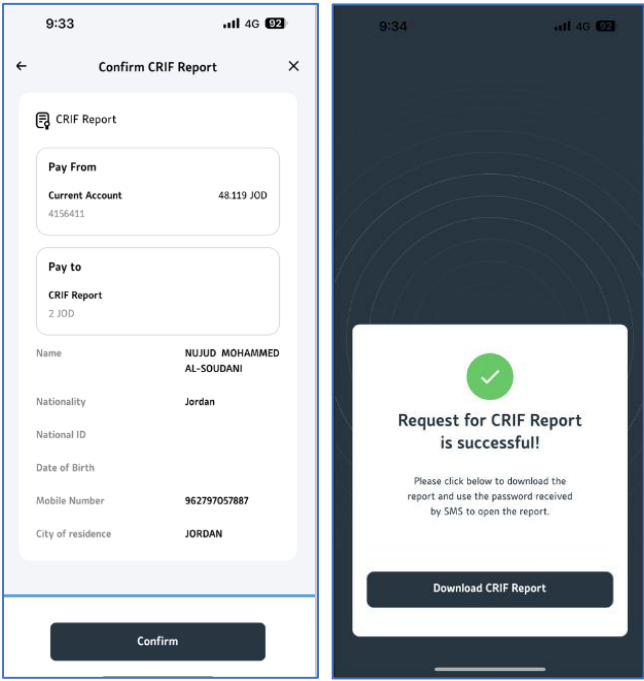

Steps to request CRIF report

1. Login to Mobile Application – Profile Setting
2. Click on CRIF Report
3. Click on Get Started

4. Accept Terms and Conditions

5. Select Debit account for CRIF charges 6. Select report language	
7. Click Next and review entered details 8. Click confirm	
9. SMS with password will be sent to registered mobile number, click on download report and enter report password	

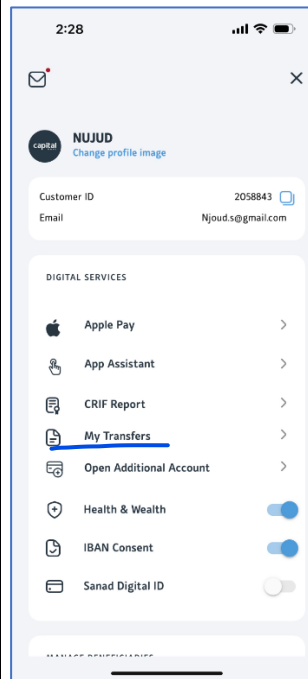

Tips

- 1- A service fees of JOD 2 will be deduced from customer selected account for each CRIF report request.
- 2- CRIF report is valid for 30 days
- 3- Customer can re-request the password for the valid report
- 4- Report will not be saved/ viewed / shared by anyone at Capital Bank of Jordan.
- 5- [Product Fees in APPENDEX](#)

Steps to manage exiting Local beneficiaries

1. Click on beneficiary name.
2. Customer can:
 - a. Edit nick name and click save.
 - b. Delete this beneficiary.

The image displays two side-by-side screenshots of a mobile application interface for managing local bank beneficiaries. Both screens have a title bar 'Local Bank Beneficiaries' with a back arrow on the left and a close 'X' on the right. The status bar at the top shows the time as 3:49 and battery level at 14%.

Left Screenshot: Beneficiary Details

- At the top, there is a profile icon with the initials 'NS' and the name 'NJOUD SOUDANI' with a 'Change profile image' link.
- A section titled 'Beneficiary Details' contains the following fields:
 - Nick Name:** ACCOUNT AT ARAB BANK.
 - IBAN:** JO26ARAB1280000000128272056500.
 - SWIFT Code:** ARABJOAXXXX.
 - Account Holder Name:** NJOUD SOUDANI.
 - Bank Name:** ARAB BANK PLC.
- A 'Save' button is located at the bottom right of the form.

Right Screenshot: Delete this beneficiary

- This screen shows the same beneficiary details but with a 'Delete this beneficiary' button at the bottom.
- A 'Save' button is also present at the bottom right.

Tips

- 1- Bank name, SWIFT code, bank country will be auto retrieved from account number / IABN.
- 2- Beneficiary name must be two syllables with minimum 3 characters each.

FAQs

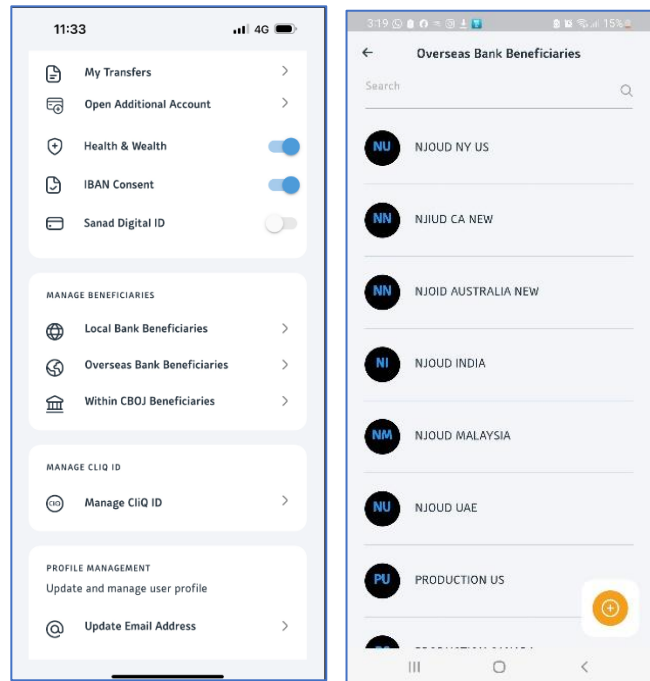

Q: Do i need to enter full beneficiary name?

A: yes, beneficiary name must be two syllables with minimum 3 characters each if transfer for individual and minimum 7 characters for corporate and if not correct, your transaction will be rejected from Capital bank's side.

3.13 Update Customer Information

Steps to update Customer Information

1. Click on "Profile"
2. Click on "Customer Information"

NOTE: User can receive an update information request upon login

3. View Account Information which includes the following:

- a. Name
- b. Branch
- c. Account opening date
- d. Last update date

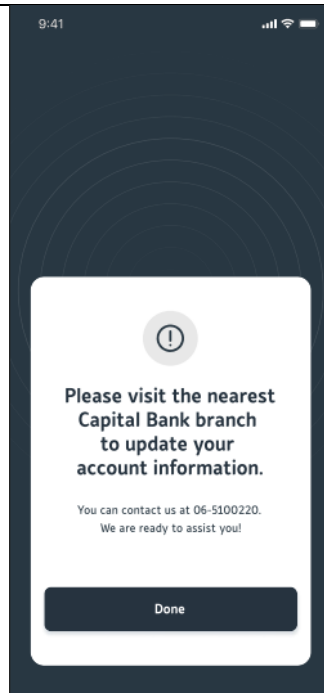

The screenshot shows the 'My Information' form with a back arrow and a close 'X' button at the top. Below the header, a message states: 'Please review and update your account info fields below. Your information must be updated to be able to use all of our services.' The form contains several sections: 'Account Information' (marked with a green checkmark), 'FATCA Information' (marked with a red circle and exclamation mark), 'Personal Information' (marked with a red circle and exclamation mark), 'Residential & Contact Information' (marked with a red circle and exclamation mark), and 'Employment Information' (marked with a red circle and exclamation mark). The 'Account Information' section is expanded, showing fields for Name (Najwa Nimeri Abdullah), Branch (Capital Bank Main Branch), Account Opening Date (2 April 2020), and Last Update Date (22 April 2020). At the bottom, there is a confirmation checkbox 'I confirm that all information provided above is true' and a 'Submit' button.

4. Click on FATCA Information to update the following:

- a. I am a US Citizen
- b. I am a green cardholder
- c. I have a POA issued to someone with a US address
 - Power of attorney is a legal document that allows someone else to act on their behalf.
- d. I have a US address or mobile number

The screenshot shows the 'My Information' form with a back arrow and a close 'X' button at the top. Below the header, a message states: 'Please review and update your account info fields below. Your information must be updated to be able to use all of our services.' The form contains several sections: 'Account Information' (marked with a green checkmark), 'FATCA Information' (marked with a green checkmark), 'Personal Information' (marked with a red circle and exclamation mark), 'Residential & Contact Information' (marked with a red circle and exclamation mark), and 'Employment Information' (marked with a red circle and exclamation mark). The 'FATCA Information' section is expanded, showing four toggle switches: 'I am a U.S. citizen', 'I am a green card holder', 'I have a POA issued to someone with a U.S. address', and 'I have a U.S. address or Mobile number'. At the bottom, there is a confirmation checkbox 'I confirm that all information provided above is true' and a 'Submit' button.

NOTE: if any question from FATCA section is answered yes and no W9 previously signed, user is referred to branch after clicking Submit

5. Click on Personal Information to update the following:
- a. I have an additional nationality
 - b. I am or any of my first-degree family members are a Politically Exposed Person (PEP)
 - If yes, then it is mandatory for the user to enter his or family member information including:
 - o Relationship with PEPs
 - o Name of PEP
 - o Role of PEP
 - c. I have a disability
 - User is required to specify disability type
 - d. I am not the beneficial account owner
 - User cannot proceed with the update and will be redirected to refer to branch message after clicking Submit
 - e. I have a POA?
 - User cannot proceed with the update and will be redirected to refer to branch message after clicking Submit

A mobile app screen titled "My Information" with a back arrow and a close icon. The text says: "Please review and update your account info fields below. Your information must be updated to be able to use all of our services." Below this is a vertical list of sections, each with a green checkmark icon and a dropdown arrow: "Account Information", "FATCA Information", "Personal Information", "Residential & Contact Information", and "Employment Information". The "Personal Information" section is expanded, showing several toggle switches: "I have an additional nationality", "I am or any of my first-degree family members are a Politically Exposed Person (PEP)", "I have a disability", "I am not the beneficial account owner", and "I have a POA?". Below each toggle is a link that says "What is a PEP?" or "What is a POA?". At the bottom of the form is a "Submit" button. A blue dashed line highlights the "Personal Information" section and its sub-items.

Steps to unblock card pin

1. Login to application
2. Land on cards dashboard page
3. Scroll between card using left and right arrows to choose card
4. Click on unblock pin
5. Confirm request

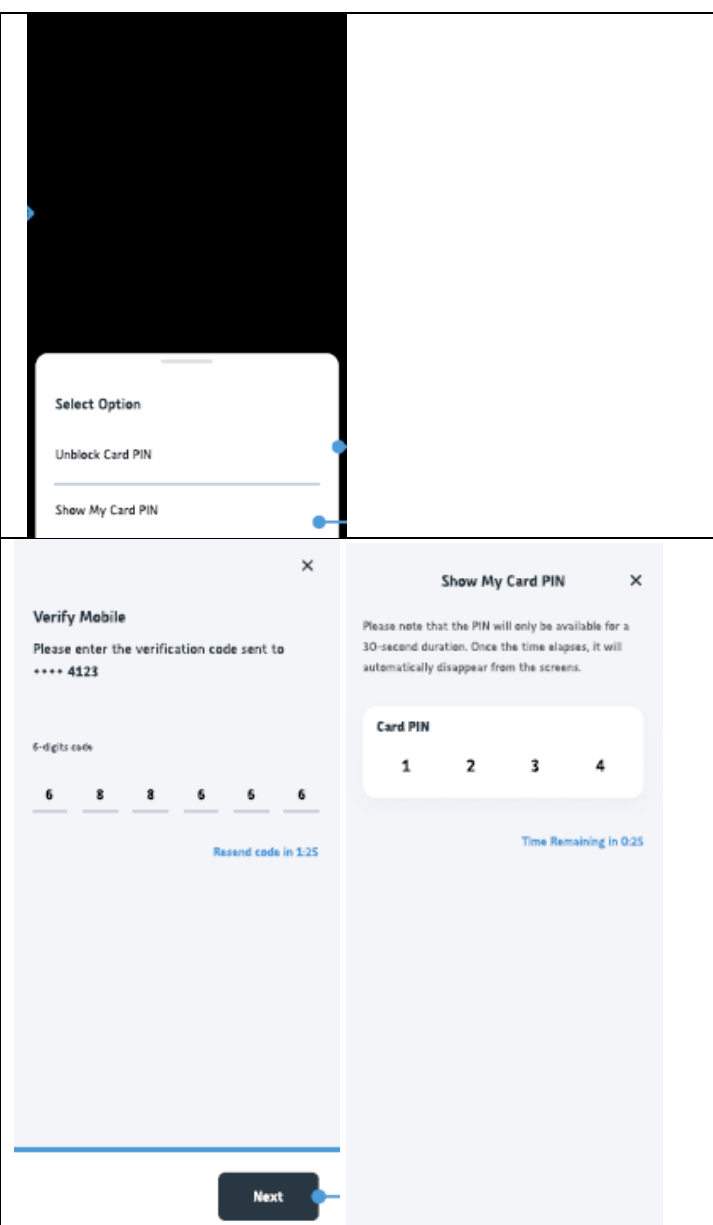

Steps for PIN Reminder

1. Login to application
2. Land on cards dashboard page
3. Scroll between card using left and right arrows to choose card
4. Click on 'Card Settings' Includes: Manage card PIN and Manage Card Limits
5. Click on 'Manage Card PIN': Includes:
 - 1- Unblock PIN (old feature)
 - 2- PIN Reminder (new feature)
6. Select the "Show my Card PIN" feature

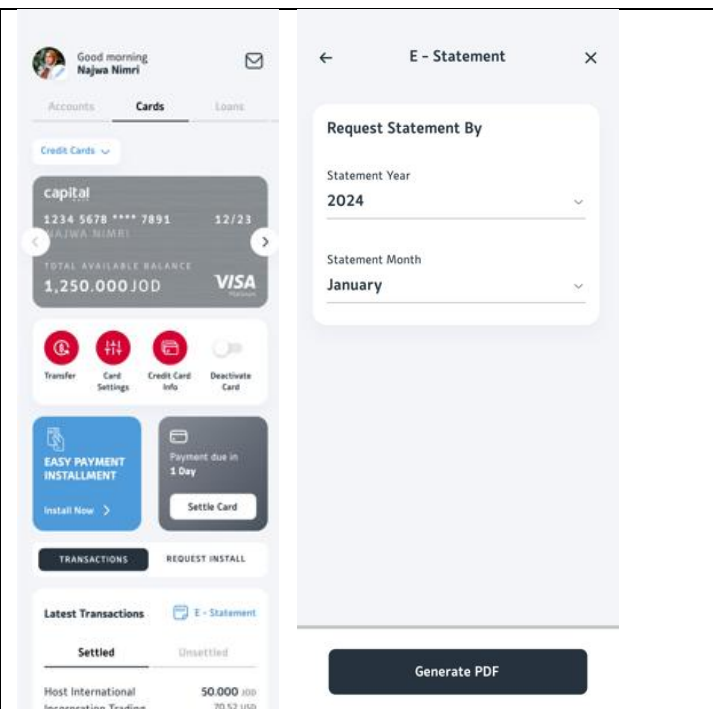

7. Then enter the OTP correctly for verification and submit it.
8. The PIN is available for viewing and will be displayed on screen for 30 seconds.

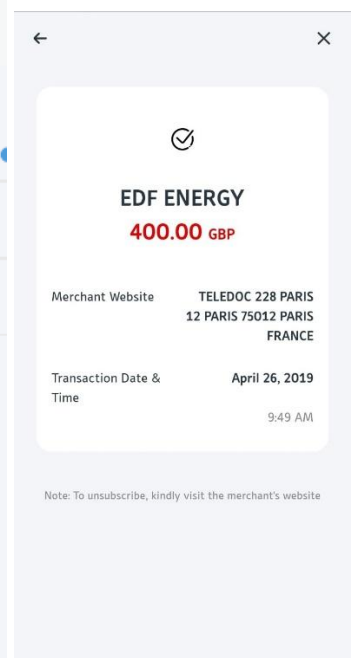

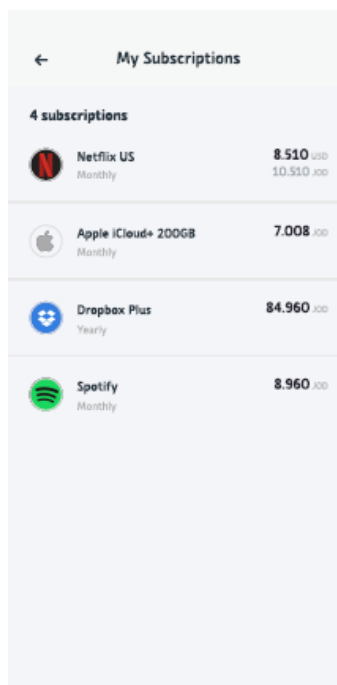

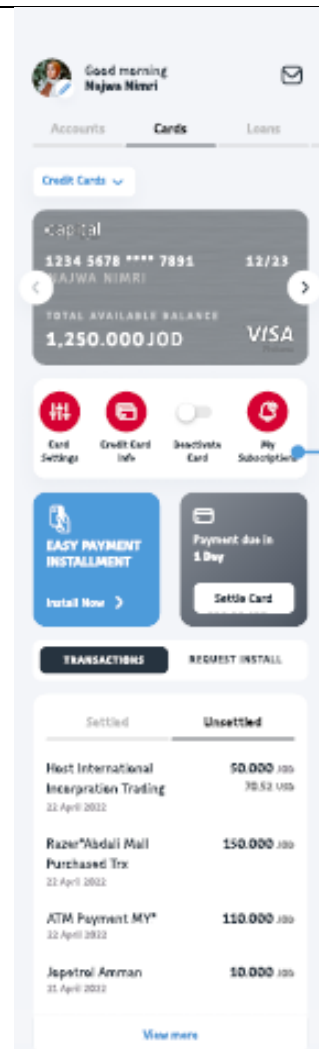

View/Download Credit Card E-Statement

1. Login to application
2. Go to 'Cards' dashboard and select Credit Card
3. Click on e-statement
4. Select year/month and click generate
5. Share and view PDF

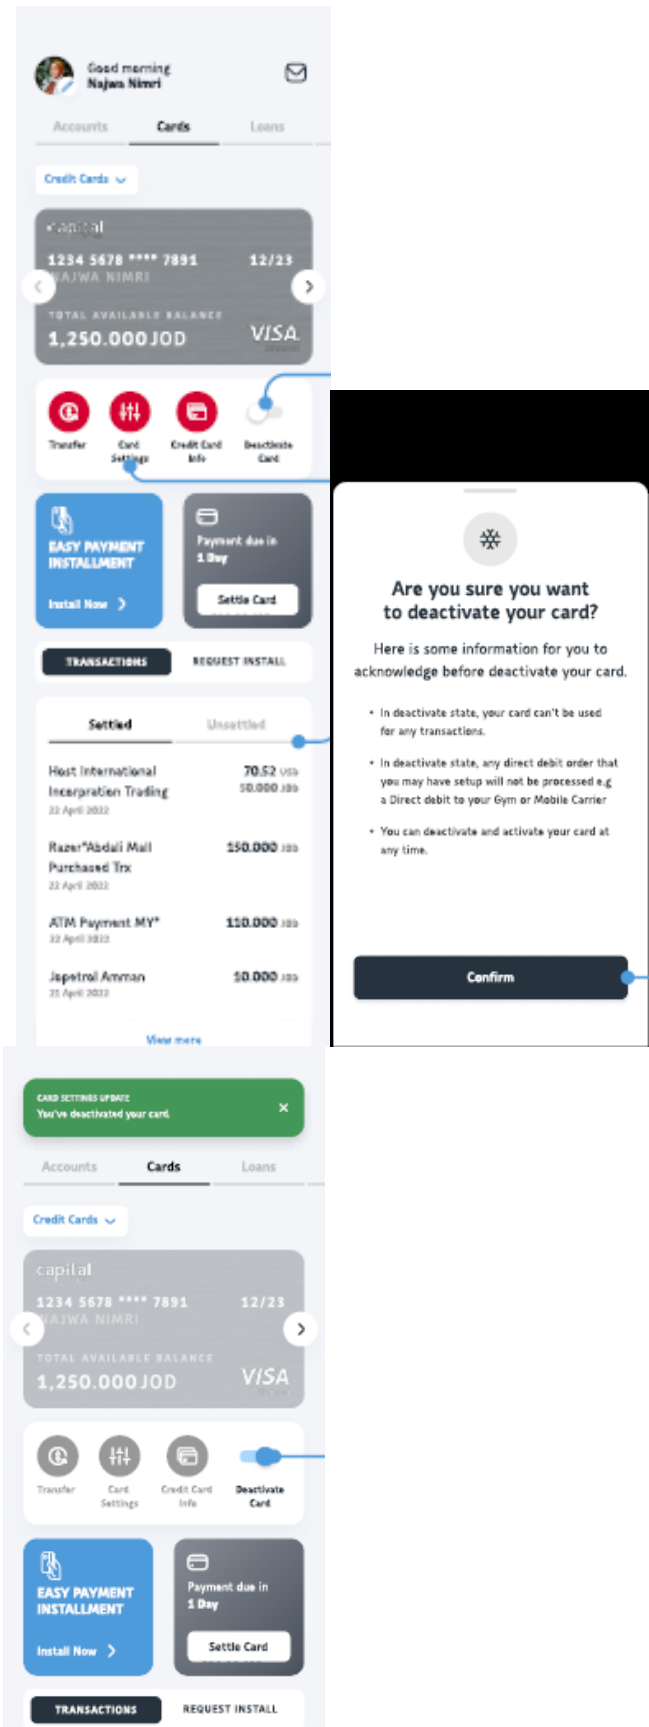

Steps for Card-on-File for viewing Subscriptions.

1. Login to application
2. Land on cards dashboard page
3. Scroll between card using left and right arrows to choose card
4. Click on "My Subscriptions"
5. View a list of the selected credit card's subscriptions per card
For each subscription, the app shows the following details:
 - Merchant name
 - Transaction date/time
 - Last transaction amount
 - Last transaction currency
 - Merchant address
 - The general subscription logo
6. If the customer wants to manage their subscriptions, a note is displayed, instructing them to visit the merchant's website for actions like card updates or removal.
7. The customer can then choose to proceed with managing their subscriptions externally on the merchant's website by following the provided instructions.

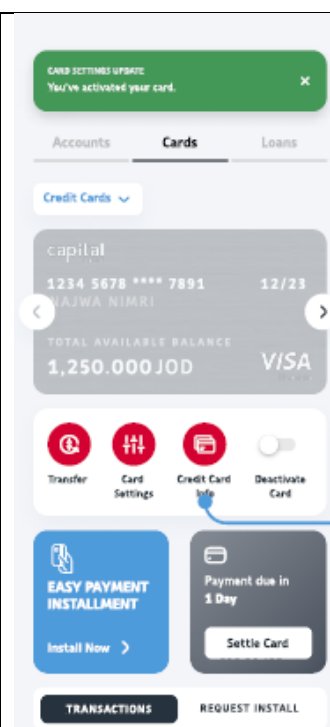

Steps to Activate/Deactivate Credit Card

1. Login to application
2. Land on cards dashboard page
3. Scroll between card using left and right arrows to choose card
4. Click on "Deactivate Card" toggle
5. Click 'Confirm' to proceed with freezing card
6. Card will be Deactivated and toggle becomes blue.

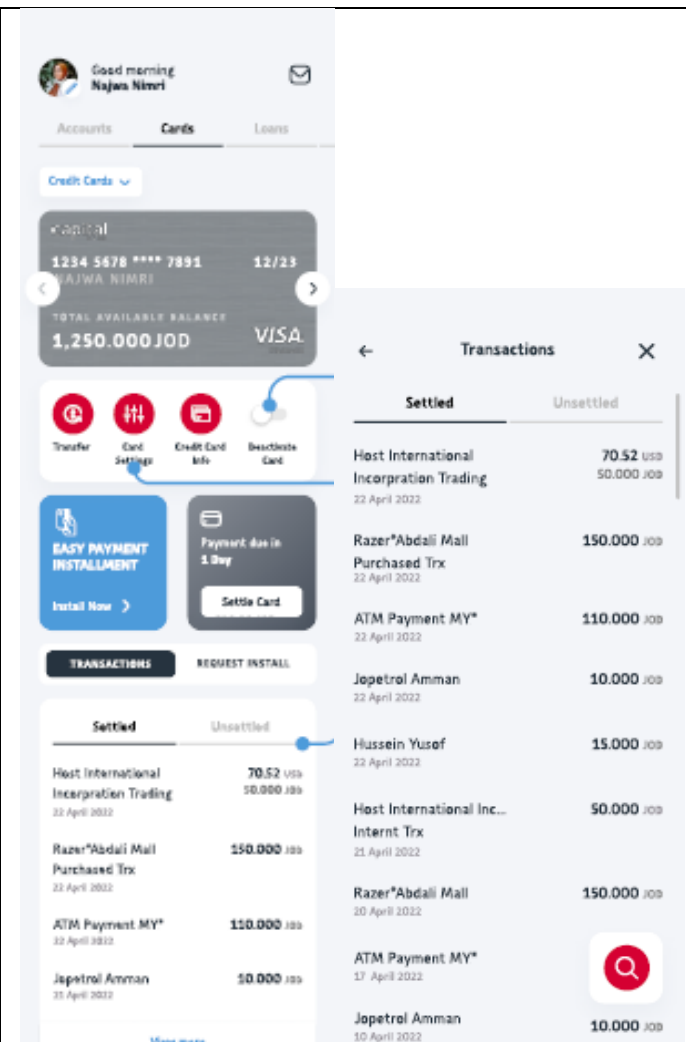

- The user can activate the card anytime by switching the toggle button again

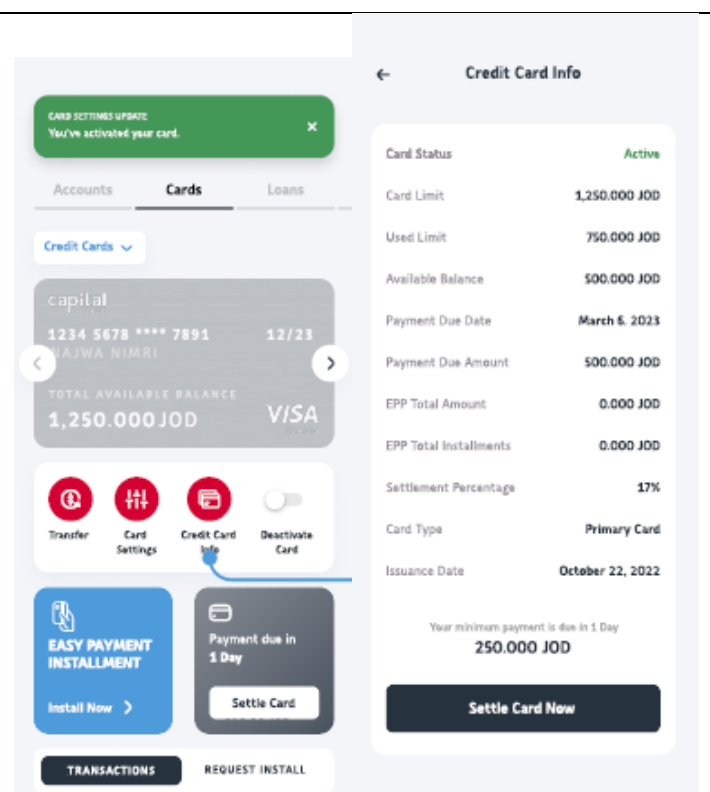

Steps to View Settled/Unsettled Transactions on Credit Card

- Login to application
- Land on cards dashboard page
- Scroll between card using left and right arrows to choose card
- Click on "View More" from the bottom on the screen
- Navigate between the displayed "Settled" and "Unsettled" transactions

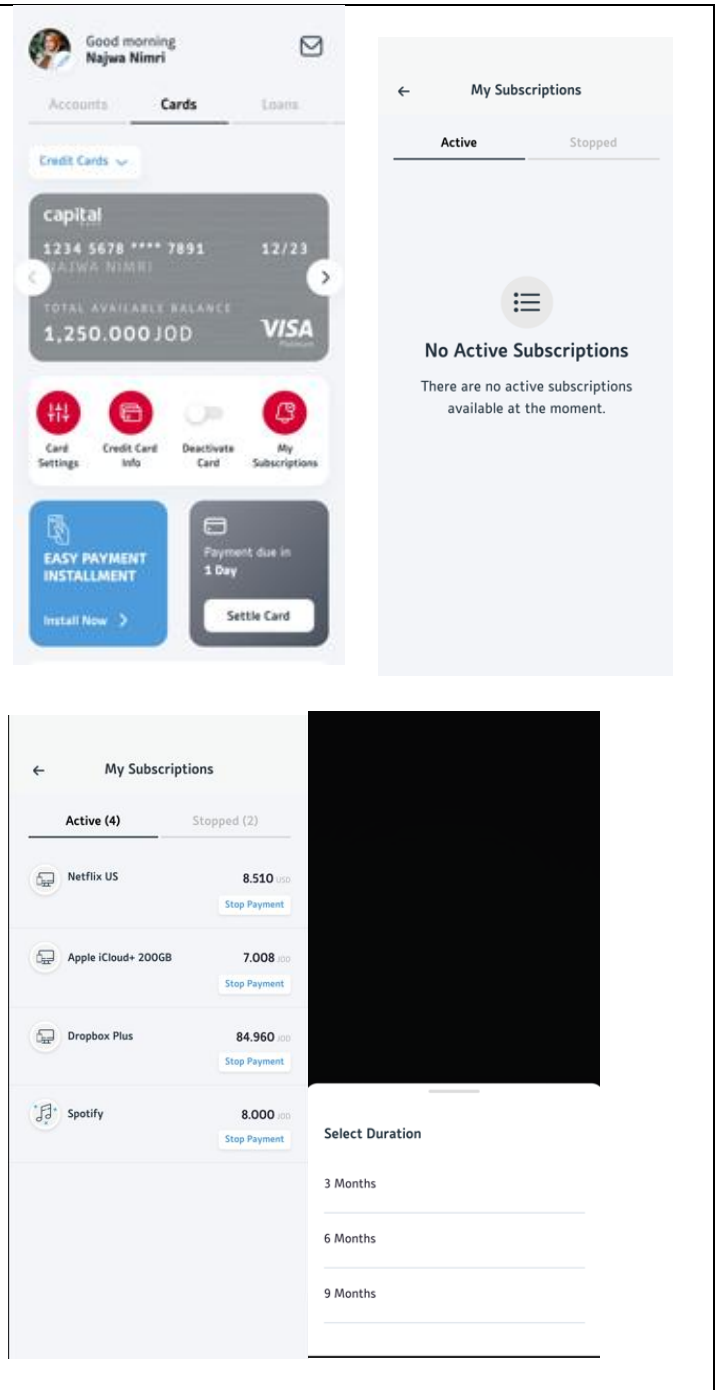

Steps to View Credit Card Information

1. Login to application
2. Land on cards dashboard page
3. Scroll between card using left and right arrows to choose card
4. Click on "Credit Card Info" from the actions bar
5. View credit card information including:
 - Card Status
 - Card Limit
 - Available Balance
 - Payment Due Date
 - Payment Due Amount
 - EPP Total Amount
 - EPP Total Installment
 - Settlement Percentage
 - Card Type
 - Issuance Date
 - Minimum Payment and days countdown till next payment
6. Use can click on "Settle Card Now" to settle the card amount

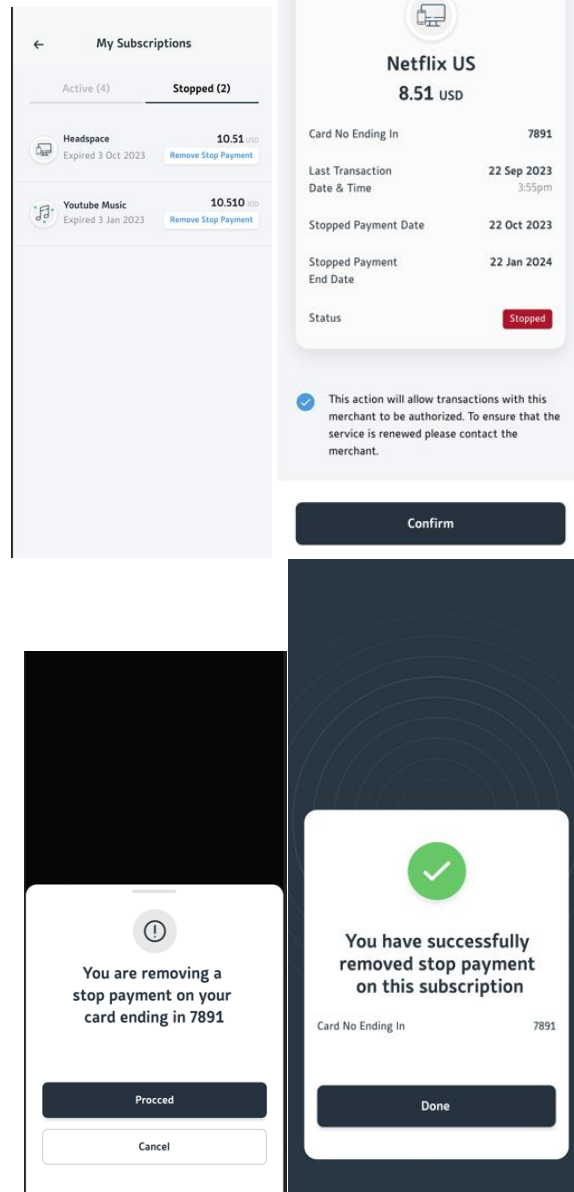

Steps to view Credit Card Subscriptions

1. Log into application
2. Land on cards dashboard
3. Click on 'My Subscriptions' in the action board
4. View the subscriptions your card is currently linked to. If no active subscriptions, nothing will appear.
5. If you have active subscriptions, it will show
6. To view a subscription, click on it which will give you the merchants information
7. From the 'Active' subscriptions page, you can view each merchant, their information and stop payment for a set amount of time: 3 months, 6 months, 9 months.

8. From the main dashboard, you can view your stopped payments. This page will give you information about when you stopped payment and when the end date is.
9. You can remove stop payment as well. This will authorize the merchant to collect payment.

Steps to Replace Credit Card

1. Log into application
2. Land on cards dashboard
3. Click on 'Card Replacement' in the action board.
4. Select the reason to replace the credit card. There are four options: Lost, Stolen, Fraud, Damage.
5. Confirm your selection
6. Enter OTP received on your registered phone number.
7. Confirmation screen that your card has been replaced and customer will receive their new card via mail.

11. Enter required deposit amount
Note: Minimum deposit amount is 5000 JOD or 5000 USD
12. Select period-interest return
13. Select auto renew upon maturity if needed
14. If selected, then select one of the below:
 - ✓ Renew principal amount only
 - ✓ Renew principal amount and credit interest
15. Click Next

If seleted currency is JOD

The screenshots show the 'Regular Term Deposit' interface for JOD. The left screen displays a deposit amount of 0 JOD, while the right screen shows 5,000.000 JOD. Both screens allow selection of a period-interest return (1, 3, 6, or 12 months) and an auto-renew option. The right screen also shows the 'Renew principal amount only' option selected under 'Auto Renew Upon Maturity?'.

If seleted currency is USD

The screenshots show the 'Regular Term Deposit' interface for USD. The left screen displays a currency selection screen with USD selected and a funding account dropdown. The right screen shows a deposit amount of 5,000.00 USD and the 'Auto Renew Upon Maturity?' toggle as off. Both screens allow selection of a period-interest return (1, 3, 6, or 12 months).

4.5 Capital Investments

Products	Description
Capital Investment	
Link Capital Investment Accounts	• To link Capital Investment account directly via mobile application
View Account Balance	• To view Capital Investment account balances
View Account Details	• To view Capital Investment account details
View Account Transactions	• To view Capital Investment account transactions
TopUp / Withdraw	• To TopUp Capital Investment account • To withdraw from Capital Investment account
Trading	• Start trading with Capital Investment online via mobile application for Regional and International Markets
Capital Investment Portfolio View	• View total portfolio records for the last three months

4.5.1 Link Capital Investment Accounts

Steps to Link Capital Invest account

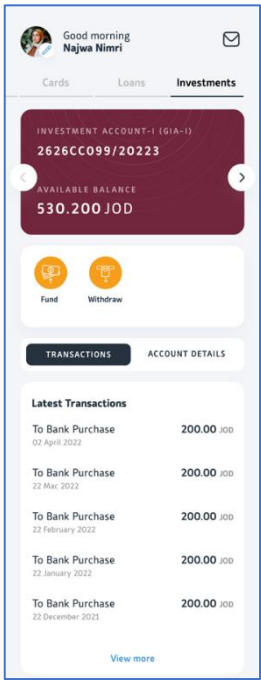

1. Login to Capital Bank application
2. Land on dashboard and click on Investment tab and click on Let's Get Started
3. Enter Capital Invest account number and click on Proceed.

The first screenshot shows the Capital Bank app dashboard with the 'Investments' tab selected. It displays the Capital Invest logo and a 'Let's Get Started' button. The second screenshot shows the 'Please enter your details' screen, which prompts the user to enter their Capital Invest Account No. (5 digits) and provides 'Proceed' and 'Cancel' buttons.

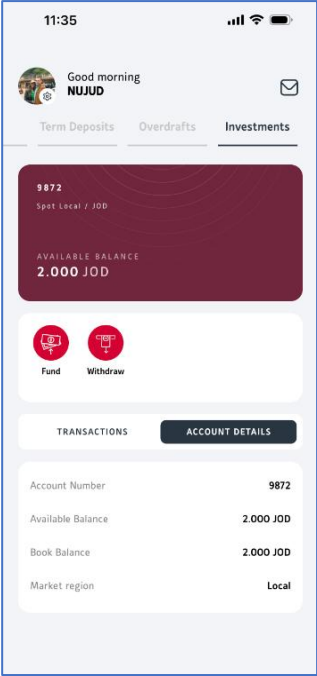

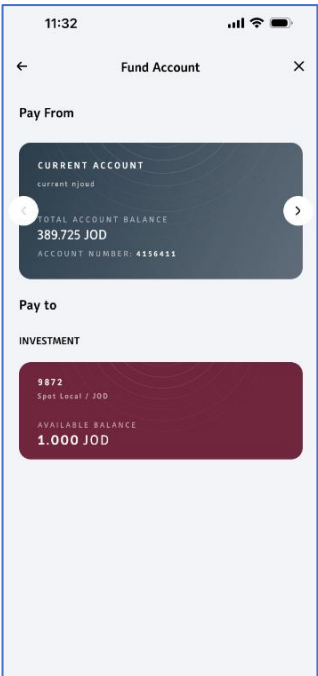

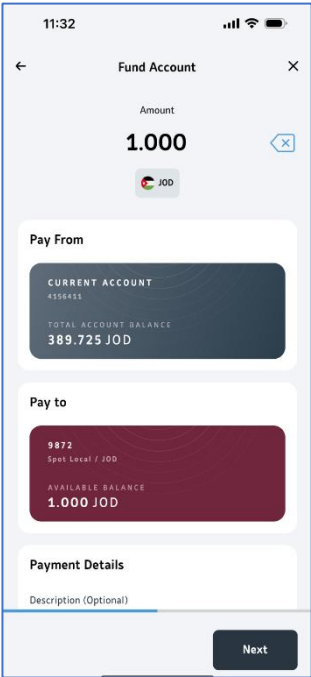

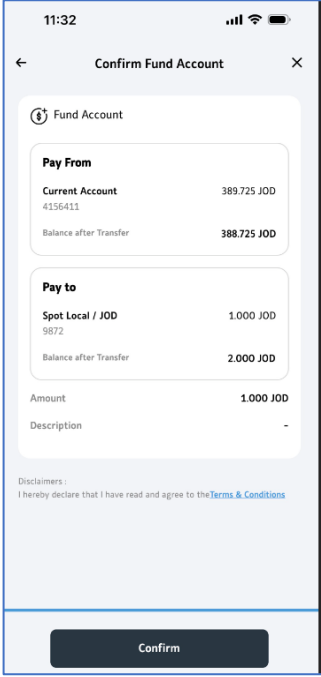

4. An OTP will be sent to mobile number registered at Capital Invest not Capital Bank
5. Once OTP is verified, click on submit and successful message will be displayed

The third screenshot shows the 'Verify Mobile' screen, which prompts the user to enter a 6-digit verification code sent to their mobile number. It includes a 'Resend code in 1:25' link and a 'Next' button. The fourth screenshot shows the success message: 'Capital Invest account is linked successfully!', along with the reference number (984893922) and date (27 July 2023 - 3:03PM), and a 'View Dashboard' button.

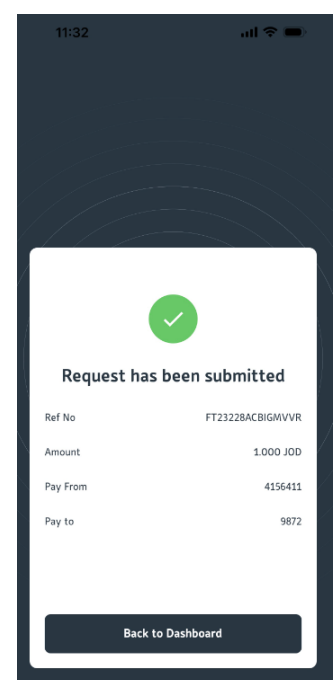

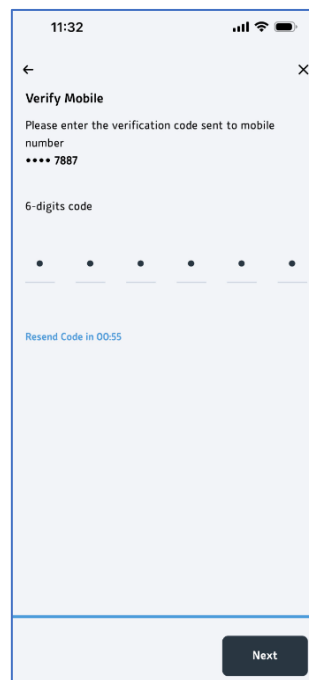

6. You can view Capital Investment accounts dashboard

Steps to Fund Capital Invest Account

1. Login to application 2. Land on Investment dashboard 3. Scroll to desired account to be funded and click on Fund 4. Select Capital Bank debit account	 
5. Enter amount and click on Next 6. Review and confirm details	 

7. OTP will be received on mobile number with Capital Invest
8. Successful message will be displayed

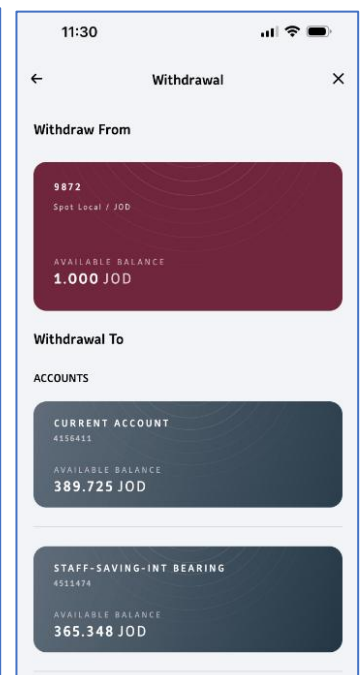

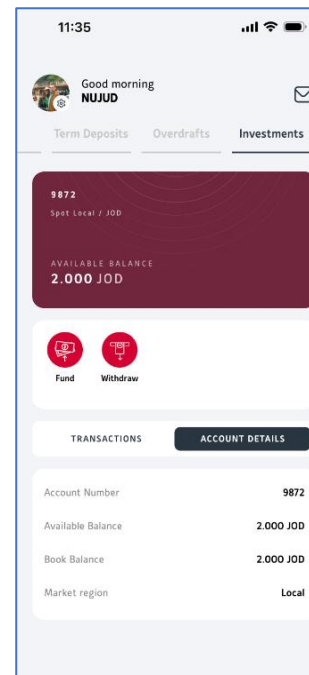

Tips

- 1- Allowed Currencies JOD, USD, GBP, CHF, IQD, CAD, SAR, AED, AUD, EUR, BHD, KWD, QAR, OMR, and EGP.
- 2- FX transaction is allowed only for the amounts up to 10,000 JD or Equivalent ONLY and based on T24 system rate

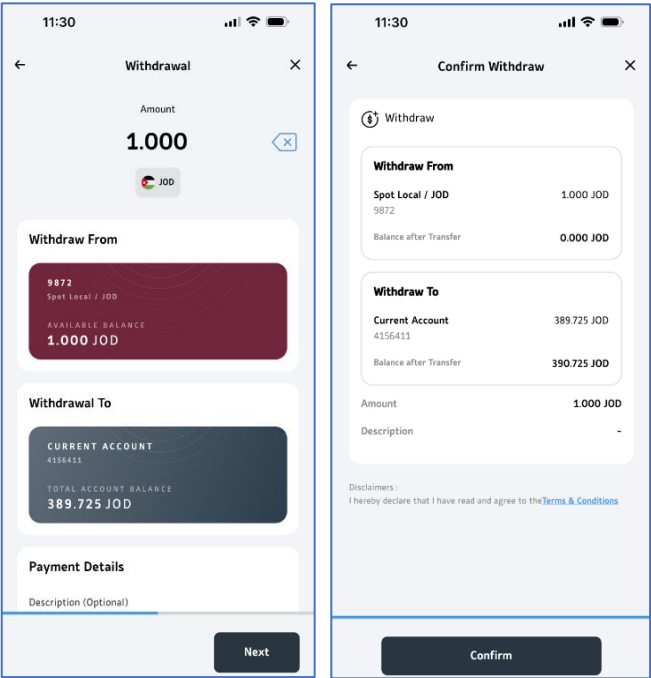

4.5.3 Withdraw from Capital Invest Account

Steps to Withdraw from Capital Invest Account

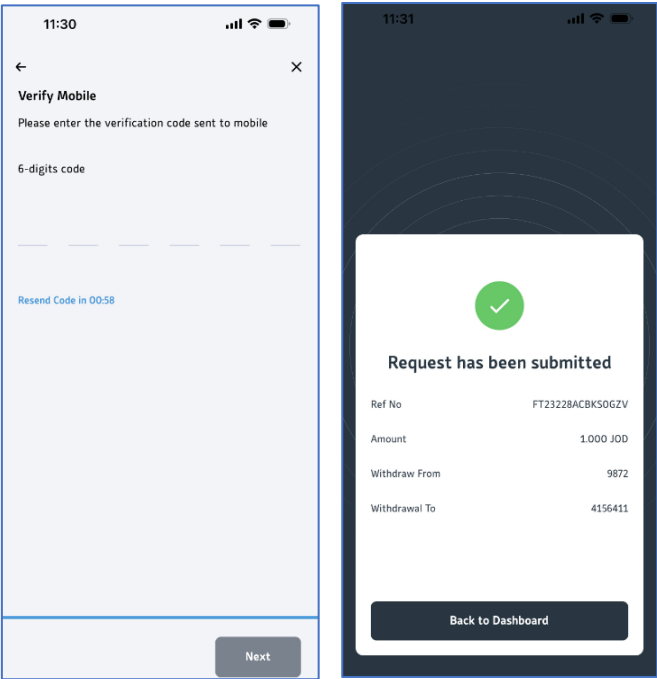

1. Login to application
2. Land on Investment dashboard
3. Scroll to desired account to be funded and click on Withdraw
4. Select Capital Bank account to credit amount to

- 5. Enter amount and click next
- 6. Review and confirm screen

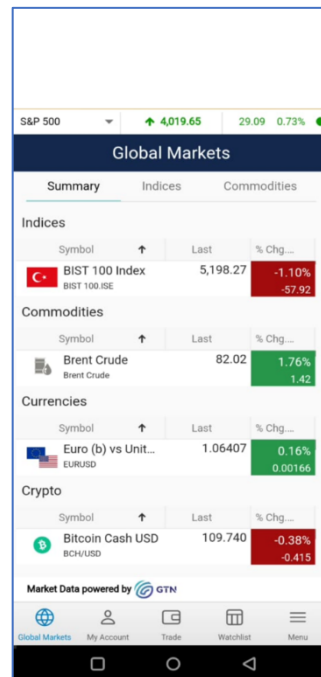

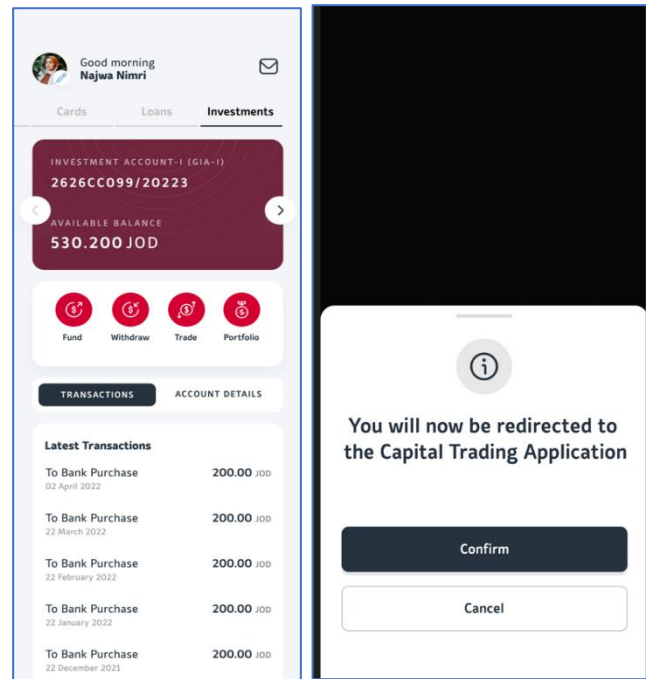

- 7. OTP will be received
- 8. Request message will be sent successfully

4.5.4 Trading with Capital Invest

Steps to Trade with Capital Invest

1. Login to application
2. Land on Investment dashboard
3. Click on Trade
4. A Popup screen will be displayed to redirect customer to Capital Trading Application
 - a. Confirm: Customer will be redirected to trading application
 - b. Cancel: Request will be canceled

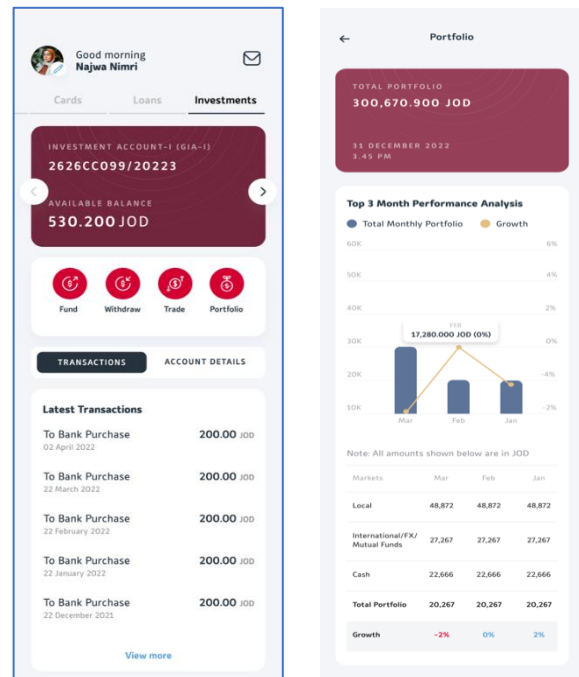

Tips:

- 1- Customers with Regional / International Accounts with Capital investment is eligible for online trading.
- 2- Customers with Local accounts with Capital investment must contact Capital Investment for trading on +962-6-52200330

 - a. Username (This username will be used to login to mobile application).
 - i. Minimum of 7 alphanumeric characters and a maximum of 20 without any spaces.
 - b. Mobile number
 - c. Email
 - d. Password / Re-Enter password (This password will be used to login to mobile application).
 - i. Minimum of 8 characters with combination of at least 1 uppercase, 1 lowercase, 1 symbol and 1 digit.

A screenshot of a mobile application interface for account registration. The screen has a light blue background. At the top, there's a blue header with a back arrow, a close 'X' button, and the text "Account Registration". Below the header, it says "Please complete the following details to get you registered." There's a white box with a blue icon and the text "Account Opening Availability" and "Account opening is only available for Jordanians for now, but don't worry we're expanding into new nationalities, soon!". Below this are four input fields: "Username" with a placeholder "Please Enter" and a note "Username must be a minimum of 7 alphanumeric characters and a maximum of 20, without any spaces."; "Mobile Number" with a dropdown showing "00962" and a placeholder "Please Enter"; "Email" with a placeholder "Please Enter"; and "Password" with a placeholder "Please Enter". At the bottom right, there's a dark blue "Next" button. The status bar at the top shows the time as 10:46 and 4G connectivity.

4. Enter OTP received on the entered mobile number
 - a. If OTP expired, click on resend code

5. Scan National ID card and accept sharing national ID image for verification
 - a. Access to Camera must be granted
 - b. Scan Front and Back (application will display at button of page which side to scan)

6. Verify retrieved National card details and confirm all details are correct.
7. Take a selfie image for verification
 - a. Customer needs to keep his/her face close to frame
 - b. Must be in a good lightning condition
8. Enable Biometric / personal PIN for application subsequent logins after onboarding
9. Start with onboarding Journey
 - a. Selecting account type to be created (Current / Saving).

Account Selection
Explore which accounts that best to suits you.

CURRENT ACCOUNT
Capital Bank's current account gives you the ability to manage and control your money more effectively and enjoy high-quality banking services through our digital and electronic channels or by visiting our branches that are strategically located to be close to you

15 E-Vouchers

Steps to Purchase an E-Voucher

1. Log in to the mobile application.
2. Navigate to the main dashboard and select the "E-Voucher" section by tapping the icon.
3. Browse available categories such as Home & Kitchen, Electronics & Mobile, etc.
4. Select a category to view vouchers within it.

Filtering Options

1. Tap the filter icon at the bottom right corner.
2. Adjust the filter options:
 - **Category:** Choose the desired category.
 - **Region:** Select your preferred region.
 - **Min/Max Value:** Set the price range.
3. Tap **Search** to view filtered results.

Selecting and Customizing the Voucher

1. Browse the displayed vouchers.
2. Tap on the desired voucher (e.g., PlayStation).
3. Select the region and voucher amount (e.g., 5 USD for the United States).
4. Tap **Next** to proceed.

Confirming the Purchase

1. Review the voucher details:
 - Voucher Name
 - Amount
 - Region
2. Tap **Purchase Now** to proceed to payment.

Payment Process

1. Choose a payment method:
 - Select the account you wish to pay from.
2. Confirm the selection and tap **Next**.

Verification

1. Enter the 6-digit verification code sent to your registered mobile number.
2. Tap **Next** to complete the verification.

Purchase Confirmation

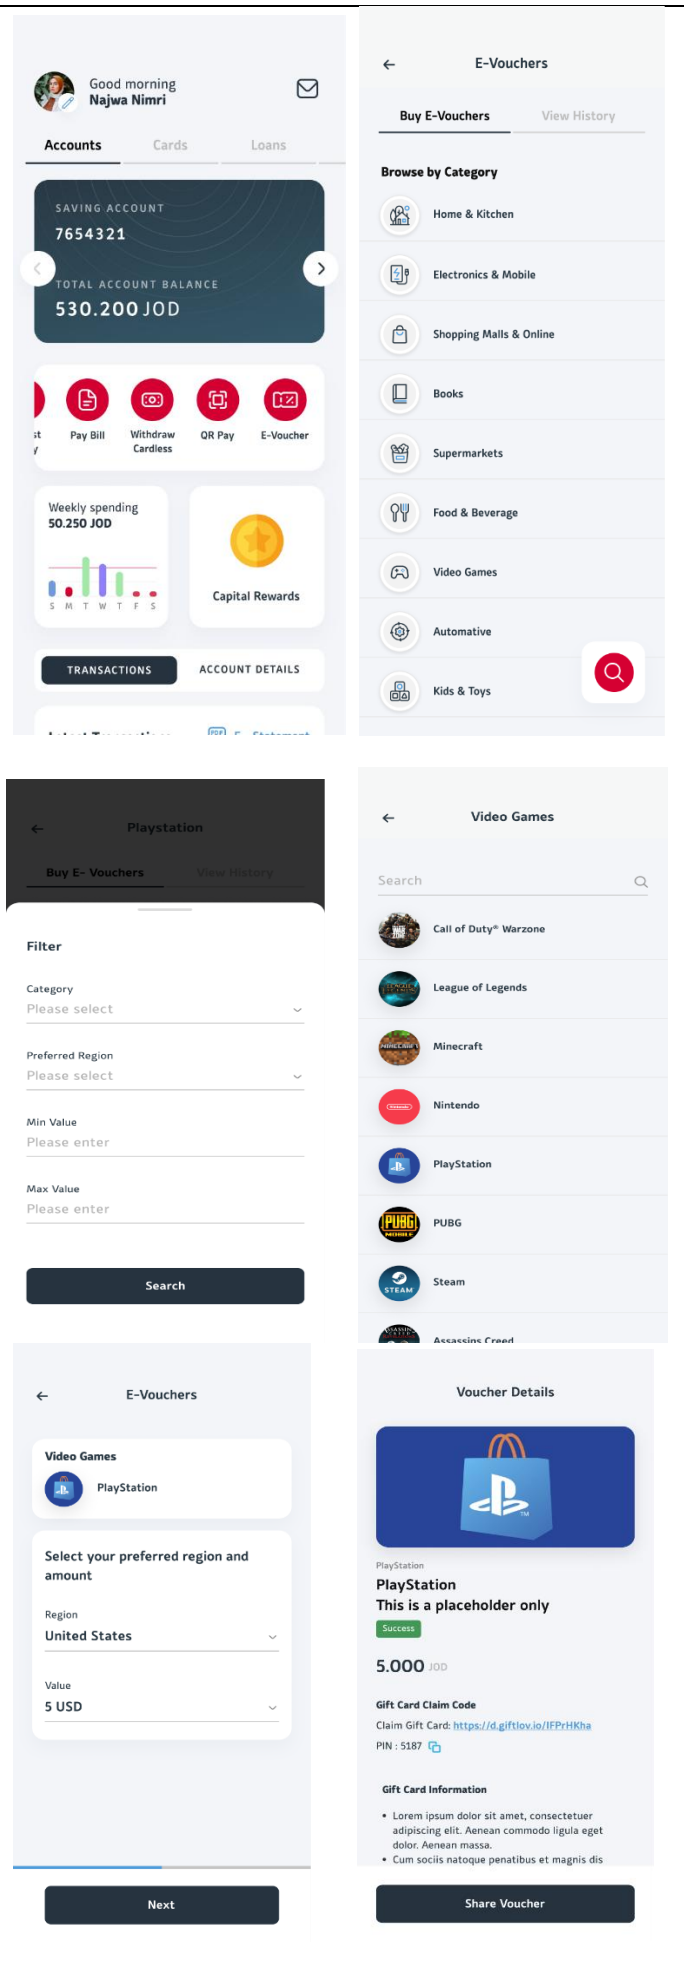

1. View the confirmation details, including:
 - Voucher Name
 - Amount
 - Region
 - Reference Number
2. Tap **Back to Dashboard** or **View Voucher Details**.

Viewing and Sharing the Voucher

1. Review the voucher details on the "Voucher Details" screen:
 - Gift Card Claim Code
 - PIN
2. Tap **Share Voucher** to send the details if needed.

Notes:

- Ensure all selections (region, value) are accurate before proceeding.
- Refunds and exchanges are subject to the stated policies in the Terms & Conditions.

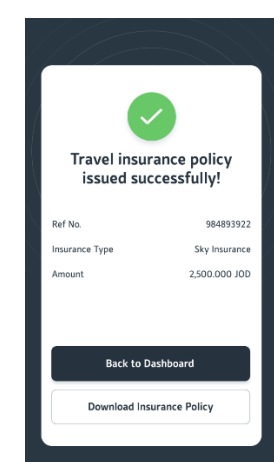

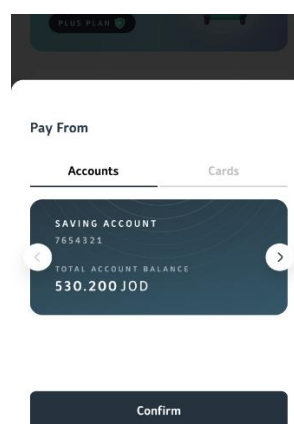

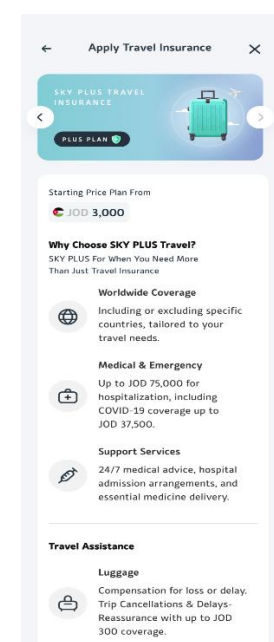

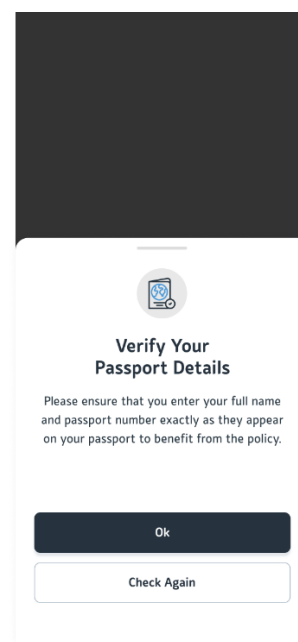

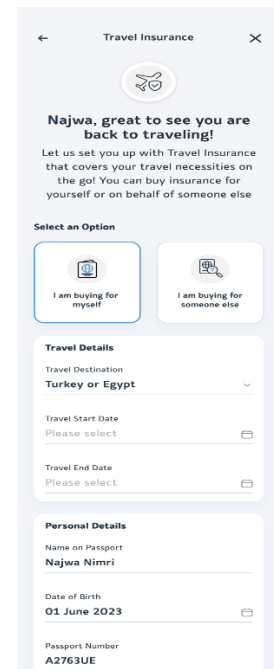

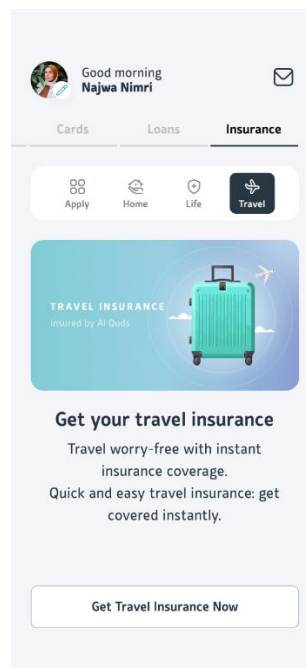

16 Travel Insurance

Steps to Apply for Travel Insurance

- Navigate to the Insurance Section:**
 - Log in to the mobile application.
 - From the main dashboard, navigate to the "Insurance" section and select **Travel**.
- Start a New Application:**
 - Tap on **Get Travel Insurance Now**.
- Fill in Travel and Personal Details:**
 - Choose who the insurance is for (**I am buying for myself or I am buying for someone else**).
 - Enter the travel details:
 - Destination:** Select the travel location (e.g., Turkey or Egypt).
 - Travel Start and End Dates:** Specify the duration of the trip.
 - Enter personal details (auto-filled for registered users):
 - Name on Passport**
 - Date of Birth**
 - Passport Number**
 - Nationality**
 - Email Address**
 - Tap **Continue**.
- Verify Passport Details:**
 - Review and ensure all passport details are accurate.
 - Tap **Ok** to confirm or **Check Again** to modify.
- Choose a Plan:**
 - Review the available travel insurance plans (e.g., **Sky Plus Travel Insurance**).
 - Check the details of the plan, including:
 - Coverage options (e.g., worldwide coverage, medical emergencies, luggage delays).
 - Pricing.
 - Tap **Apply Now**.
- Select Payment Method:**
 - Choose the account to pay from (e.g., **Saving Account**).
 - Confirm the payment selection by tapping **Confirm**.
- Review and Agree to Terms:**
 - Verify the payment amount and travel insurance details.
 - Agree to the terms and conditions by selecting the checkboxes.
 - Tap **Pay Insurance** to complete the payment.
- Verify Payment:**
 - Enter the 6-digit verification code sent via SMS.
 - Tap **Next** to proceed.
- Confirmation:**
 - View the confirmation screen showing:
 - Reference Number.
 - Insurance Type.
 - Amount Paid.
 - Tap **Back to Dashboard** to return or **Download Insurance Policy** to save a copy.

Steps to View Insurance Coverage

- Access Coverage Details:**

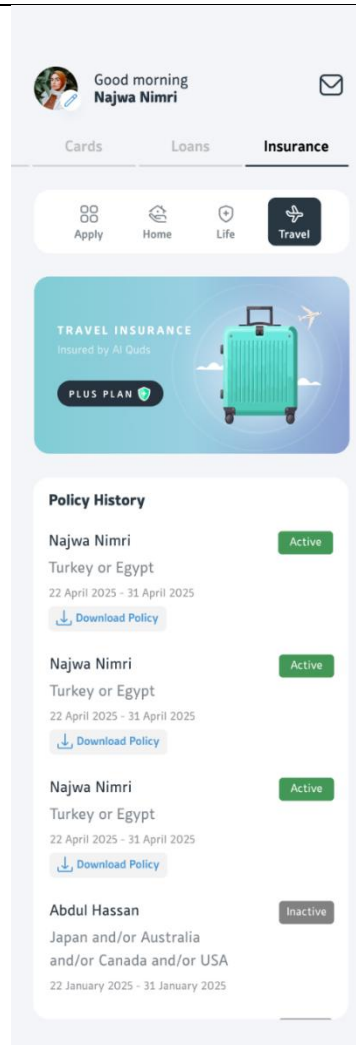

- From the policy overview screen, tap on the **Insurance Coverage** section.
- Review details such as:
 - **Death or Permanent Disability** coverage.
 - **Medical Expenses** coverage.
 - **Travel Inconveniences** (e.g., travel and baggage delays).

Steps to Manage Policies

1. **View Policy History:**
 - Navigate to the "Travel Insurance" section.
 - Scroll to the **Policy History** section to view active and inactive policies.
2. **Download Policies:**
 - Tap on **Download Policy** for any listed policy to save a copy of the insurance details.

Notes:

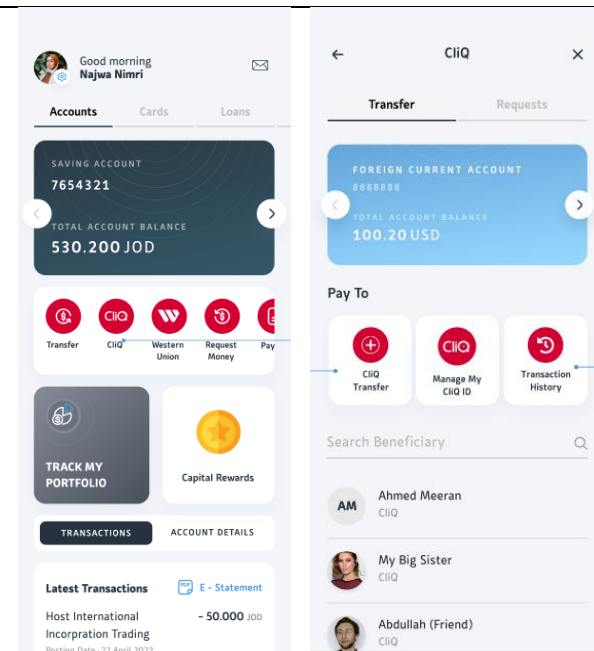

- Ensure all details (e.g., travel dates, destination, and passport information) are accurate before proceeding.
- Refer to the terms and conditions for detailed coverage and exclusions.

17 CliQ Return (Local & International)

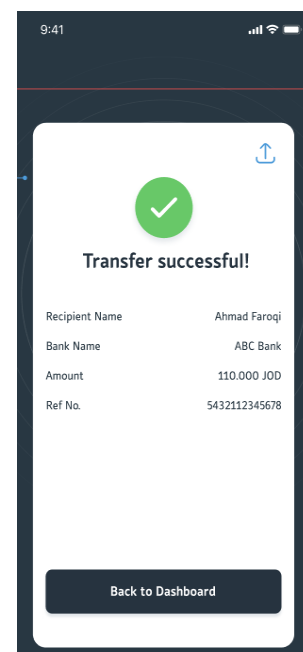

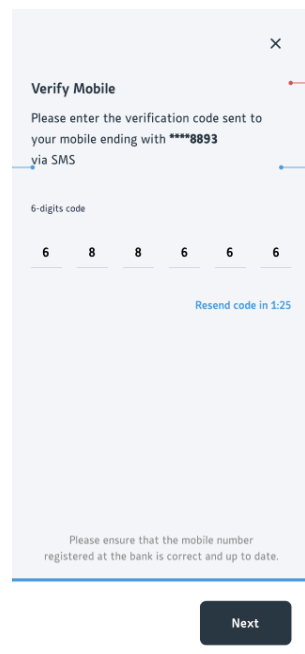

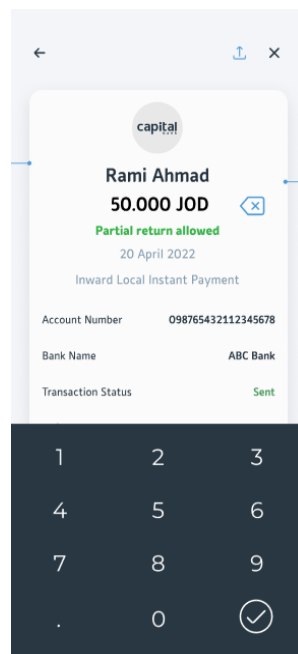

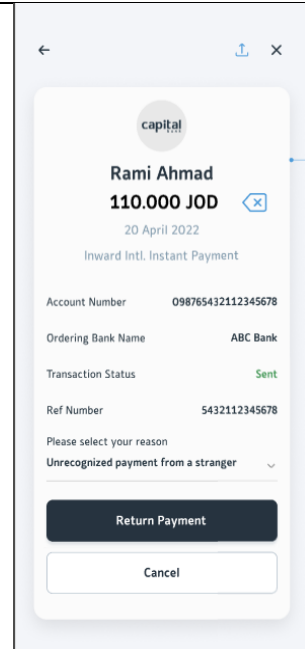

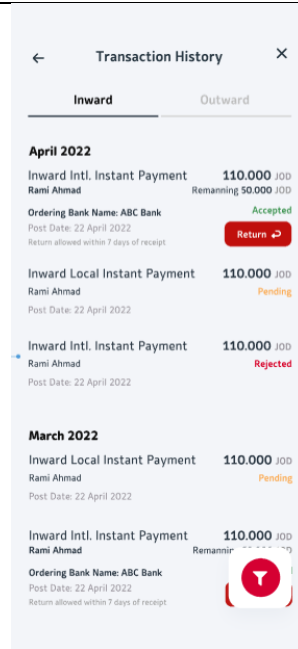

Steps to Return Local or International CliQ Transactions:

1. **Navigate to the "CliQ Tab" Section:**
 - Log in to the mobile application.
 - From the account dashboard, navigate to the "CliQ" section and click on it.
2. **A new action button will appear:**
 - CliQ Transfer (existing)
 - Manage my CliQ (existing)
 - CliQ Transactions History (NEW)
3. **When the user taps CliQ Transactions History, two tabs will appear:**
 - Inward
 - Outward
4. Under each Inward CliQ payment (Local or International), a Return Payment button appears only if the transaction is within the allowed period (7 days from recipient)
5. **When a user clicks on the return button for eligible transaction to return it, the pop-up page appears with:**
 - Transaction details: Description, Date, Amount, Status
 - And the Reason dropdown list for customer to select from:

- Unrecognized payment from a stranger
- Unrecognized payment from a known contact
- Wrong Amount

- For Cross Border (International CliQ transactions) only full amount return is allowed.
- For Local CliQ transactions, Partial or full return is allowed and the partial for one time only
- Once the return reason is selected customer can confirm to proceed “Return Payment” or cancel, noting the Return is subject to OTP authentication.
- Once transaction is returned, it becomes ineligible for further returns and the button disappears

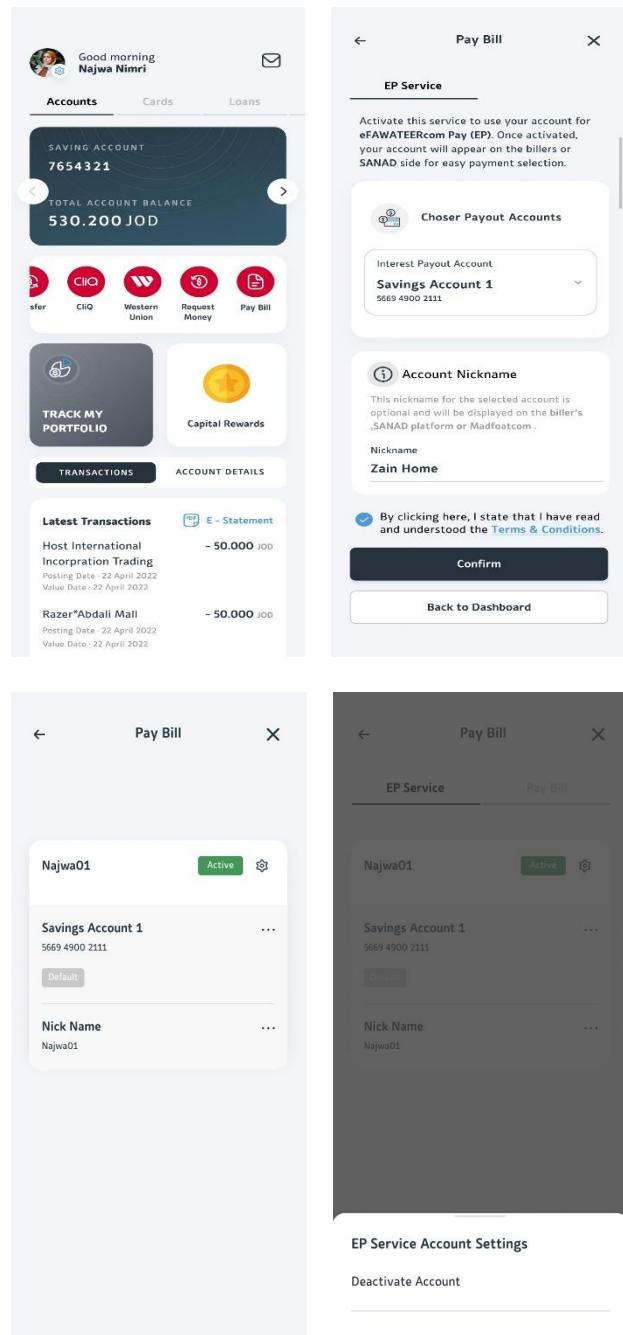

18 eFAWATEERcom Pay Service

Steps to Activate the e-fawateercom Pay service:

1. **Navigate to the "Pay Bill Tab" Section:**
 - Log in to the mobile application.
 - From the account dashboard, navigate to the "Pay bill" section and click on it.
2. A new tab will appear for EP Service
3. When the user clicks EP Service, new page displays to activate the service (first time)
4. User must choose the account and fill the account nickname
5. Once confirmed by user with OTP the service will be activated
6. After activating the service, the user will be able to manage the service with options of
 - Change linked account (3 dots beside account)
 - Edit nick name (3 dots beside nick name)
 - Deactivate the service (setting icon beside active)

****if the account is deactivated then next log in to the service the page will be displayed as first time and user must choose the account and fill the nickname**

 Account Nickname

This nickname for the selected account is optional and will be displayed on the biller's ,SANAD platform or Madfoatcom .
